Terms

- **Prices** EXW per kilogram. AUD indicative, converted at 1.428. **Shipping (air)** approx. A\$21/kg, lower per kg at volume.

— **MOQ** 20 kg per SKU. Lead time approx. 3-4 weeks, milled to order. Payment 100% in advance. White label available.

— **Certification** Certificate of Origin, Healthcare Certificate, COA and FDA across the line-up. Selected lots also carry Halal, Kosher, JFS, FSSC22000 and ISO.
- Limited lots — **De** is a 200 kg lot, and **Ii** and **Ij** are each capped at 30 kg per month, so these three suit a single site rather than a standing wholesale line. **TBC** fields are being confirmed with our producers and do not affect the price.
